CHAMPION SPONSORSHIP OPPORTUNITY

## INTERSECTIONS 2016

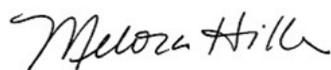

Park City, Utah • September 26-29

Where we live matters. It determines what opportunities we have, and how our kids grow up. Everyone should be able to live in a place that offers opportunity: access to jobs, parks, public transit, quality schools and stable homes. Strong and inclusive communities provide the foundation that people and families need to thrive, both in the present and for future generations.

**Intersections 2016, presented by Grounded Solutions Network** (formerly the National Community Land Trust Network and Cornerstone Partnership), provides a unique opportunity for permanently affordable housing practitioners to network, train and gain essential tools to revitalize communities nationwide. This year, we will be hosting the conference in Park City, Utah in partnership with Mountainlands Community Housing Trust.

**We cordially invite you to solidify your support of the creation and preservation of strong communities across the nation by sponsoring Intersections 2016.** In return, we'll recognize your commitment throughout the year as we work to recruit and inspire attendance, as well as highlight your dedication in person at Intersections 2016 this fall.

As community and industry leaders, you know how important learning the right strategy or finding the right connection can be to creating inclusive communities. We hope you'll join us in spreading real world solutions to help communities thrive nationwide.
